# Supplemental Type Certificate

Number: ST04000AT

This certificate issued to: Avionics Support Group, Inc.  
13155 SW 132 Avenue  
Miami, FL 33186

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: T00001SE      Make: The Boeing Company  
Model: 777-200/-300 Series

## Description of Type Design Change:

Installation of an Avionics Support Group Constant Friction Mount (cfMount) with an Integrated Power Supply on Boeing B777 Series Aircraft in accordance with Avionics Support Group, Inc. Master Data List 212033-MDL dated April 18, 2018 Rev. N or later FAA approved revision.

## Limitations and Conditions:

The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission. Instructions for Continued Airworthiness Document 212033-ICA dated April 11, 2018 Rev. G or later approved revision and Airplane Flight Manual Supplement 214257-FMS is a required part of this STC.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

Date of Application: November 15, 2012

Date Reissued:

Date of Issuance: April 15, 2013

Date Amended: May 31, 2018

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
